

20 ESSENTIAL QUESTIONS

YOUR CHECKLIST WHEN LOOKING FOR A NEW RV

Jayco RVs have been helping Australians live their holiday dreams for almost 40 years. We began in 1975, in the garage of a suburban home; our ambition, to build a better Camper Trailer. Today, Jayco is the most popular brand on the market. We've built, sold and supported more than 160,000 RVs to date.

Add up all the benefits on this page and you'll start to see why Jayco RVs are rated number one for value; and why, just as importantly, they'll hold that value better than any other brand should you ever decide to upgrade.

Use this checklist to compare Jayco with other brands to see how they stack up...

DOES THE MANUFACTURER...		JAYCO	OTHER
1	Have the experience of being in business for 40 years?	✓	
2	Offer 24-hour roadside assist for three years, 24 hours a day, 365 days a year, ensuring you're only ever a phone call from the support you need?*	✓	
3	Offer nationwide support from Australia's largest dealer and service network , comprising more than 100 locations around the country?	✓	
4	Offer comprehensive 12-month warranty Australia wide?	✓	
5	Keep spare parts in stock at the factory?	✓	
6	Design and build all their RV's in Australia for Australian conditions?	✓	
7	Build RV's that comply with the Australian Design Regulations?	✓	
8	Have a reputation for being community minded ?	✓	
9	Have the largest buying power that gives you more value for less ?	✓	
10	Have a modern purpose built state of the art manufacturing complex?	✓	

*Not available in New Zealand.

Excludes motorised products, these vehicles are covered by the vehicle manufacturers /importers independent roadside assist program.

DOES THE RV HAVE...		JAYCO	OTHER
11	A lifetime warranty to the original purchaser on the roof lifter system? [Camper Trailers only]	✓	
12	A lightweight yet super strong hot dipped galvanised Endurance Chassis for lifelong protection against corrosion?	✓	
13	Hail and dent resistant , aerodynamic fibreglass exterior? [N/A Starcraft models]	✓	
14	Aluminium frame – not timber – for extra strength and longevity, plus galvanised plating for secure fitment of internal furniture?	✓	
15	Cushions made from high-resilience Dunlop™ foam , for years of comfort and support, and upholstery is treated with antimicrobial protection to inhibit mould, mildew and fungi, as well as dust mite protection to help prevent asthma and allergy-related conditions?	✓	
16	Eurostyle aluminium framed furniture featuring protective curved extrusions for strength and elegance?	✓	
17	Lightweight cabinet fronts that are screwed into place, not stapled?	✓	
18	Intelligent power supply that will autosense whether the supply is 240V or 12V, adapt to an inconsistent power supply in remote areas and has an in-built charger to cater for an auxiliary battery?	✓	
19	Tyres inflated with nitrogen – not everyday air – reducing fuel usage, tyre wear and the risk of blowouts, while also improving ride and handling?	✓	
20	Consistently high and reliable resale value when it is time to you sell your RV?	✓
