

# Expanda

2016 CARAVANS AND POP TOPS

**SMALL TO TOW, BIG ON FREEDOM,  
THE CLEVER EXPANDA ACCOMMODATES  
YOUR EVERY HOLIDAY DESIRE**

Australians love a homegrown invention, and our locally developed Jayco Expanda is up there with the best of them.

Compact and easy to tow, yet offering the space and storage of a traditional Caravan or Pop Top, this feature-packed hybrid is both the perfect first RV for young families, and the ideal upgrade for Camper Trailer owners. For short getaways or long weekends, it can't be beaten.

Like every Jayco, the Expanda is designed for comfort, built to last, and equipped for effortless enjoyment. Setting up the stowable end beds, for example, is a four-step task that can be performed by one person in around a minute.

With one Caravan and nine Pop Top floor plans available, plus your choice of interior finishes, trims and optional accessories, you can tailor your Expanda right down to the smallest detail. You can even opt for an Outback version, and venture off the beaten track anytime you like.

And don't forget the other advantages of Jayco ownership – whether you opt for the Expanda **CARAVAN** or **POP TOP**, you can look forward to:

- nationwide support from Australia's largest dealer and service network, comprising more than 100 locations around the country;
- 24-hour roadside assist\* for three years, ensuring you're only ever a phone call from the support you need; and a
- comprehensive 12-month warranty regarded as the industry benchmark.

Add up all the benefits, on this page and those that follow, and you'll start to see why Jayco RVs are rated number one for value; and why, just as importantly, they'll hold value better than any other brand should you ever decide to upgrade.

**WHERE  
SIGHTS  
BECOME  
STORIES**

...

that's where a Jayco  
will take you

\*conditions apply, refer to jayco.com.au for further information.

---	--	---	--	---

**1** At 1360mm, the front parents' bed is spacious. **2** Four-burner gas cooktop with electric hotplate and flame failure protection. **3** Eurostyle push out double-glazed windows with inbuilt roller blinds. **4** Light up your day with the 400mmx400mm roof hatch. **5** The rollout awning features integrated LED strip lighting. **6** Innerspring mattress for comfort and support. **7** Keep your cool throughout summer with air conditioning (roof air selected layouts). **8** Kitchen drawers operate at the touch of a finger. **9** Stylish dinette with your choice of durable designer fabrics. **10** Fridge/freezer with a sizeable capacity (174-litre in caravan, 18.58-1&2). **11** Spacious boot with LED light and convenient side door access.

## TAKE COMFORT IN EXPANDA'S SPACIOUS, FEATURE-RICH INTERIOR

Don't be fooled by Expanda's compact dimensions. With its bed ends extended you'll find all the room your family needs, all cleverly arranged into multiple living and leisure zones, so you can relax together under the one roof in air conditioned comfort.

Smart use of interior space also enables the Expanda to incorporate a range of top quality kitchen appliances, including a four-burner cooker, microwave and fridge, cupboards and drawers galore, plus discrete storage under each seat. Some floor plans offer en suite bathrooms complete with shower, while other creature comforts, like a flat screen TV or stereo system are available as optional accessories.

### EASY THREE-STEP SET UP

Once you arrive, it takes no time at all to set up your Expanda, so you can start enjoying your time away sooner.

- STEP 1. Unlock and raise the bed end lid
- STEP 2. Lower the bed end into place
- STEP 3. Insert the roof bar and fold-out the mattress

\*roof air selected layouts

## BUILT IN AUSTRALIA SINCE 1975 AND STILL GOING STRONG

Jayco RVs have been helping Australians live their holiday dreams for over 40 years. We began in 1975, in the garage of a suburban home; our ambition, to build a better Camper Trailer. Today, Jayco is the most popular brand on the market. We've built, sold and supported more than 180,000 RVs to date, and now operate a 20-hectare manufacturing facility in Melbourne that employs a local workforce of 1,000+ people.

**THE JAYCO TOUGH FRAME** The Expanda is built with Jayco Tough Frame construction technology. Illustrated below, this five-layer vacuum-bonded wall is both stronger than those of conventional 'timber & tin' aluminium clad RVs, and offers greater thermal and acoustic insulation.

1. **HAIL AND DENT RESISTANT, AERODYNAMIC FIBREGLASS EXTERIOR** with a high gloss finish
2. **EXTERNAL 3MM PLYWOOD BOARD** to increase structural strength
3. **ALUMINIUM FRAME** – not timber – for extra strength and longevity, plus galvanised plating for secure fitment of internal furniture
4. **INTERNAL HIGH-DENSITY POLYSTYRENE FOAM** for superior insulation
5. **INTERNAL 3MM PLYWOOD BOARD CE** coated for maximum durability

From that first Camper, Jayco has made high-quality products that offer outstanding value for money and lasting peace of mind. It's an advantage we deliver more than ever now through increased manufacturing efficiencies; proprietary technology, such as **JTECH SUSPENSION**, the **JAYCO TOUGH FRAME** and **JAYCO ENDURANCE CHASSIS**; and a commitment to using better materials, more precise craftsmanship, and ever-smarter design ideas and construction methods, for example:

- Our Eurostyle aluminium framed furniture features **protective curved extrusions** for strength and elegance, positive cupboard catches to secure your valuables in transit, and cabinet fronts that are screwed into place, not stapled
- Cushions are made from **high-resilience** foam, for years of comfort and support, and upholstery is treated with **antimicrobial protection** to inhibit mould, mildew and fungi, as well as dust mite protection to help prevent asthma and allergy-related conditions
- Tyres are **inflated with nitrogen** – not everyday air – reducing fuel usage, tyre wear and the risk of blowouts, while also improving ride and handling.

### JAYCO OUTBACK

Some of Australia's must-see destinations – the places you really want to explore – lie well beyond the bitumen. To help you see them, with all the comforts of home, each Jayco Expanda Caravan and Pop Top is also available in an Outback version, complete with a higher ground clearance, and a range of high-strength componentry and specialised features, including:

- JTECH Suspension
- 120W solar panel and regulator
- 100AH battery (Pop Top only, standard on Expanda Caravan)
- 150mm x 50mm rectangular hollow section chassis main members
- 125mm x 50mm rectangular hollow section A-frame
- AL-KO off-road electric brake magnets
- AL-KO outback drop jacks
- Protective aluminium checker plate on sides
- 15-inch alloy wheels with 235/75R15 tyres
- Pull-out single step
- External 12V auxiliary plug
- External Gas bayonet
- Jayco mud flaps.

Opting for a Jayco Outback version is not a licence to bush bash, mind you. But its extra strength and enhanced specifications will free you to travel the country's unsealed roads safely and arrive relaxed. Even so, always take extra care and reduce your speed, especially when driving in unfamiliar territory. If in doubt, do what the 4WD experts do – use your Jayco as a base and head into rougher terrain without anything in tow.

### JTECH SUSPENSION

Purpose designed to complement the Jayco Endurance Chassis, JTECH Suspension replaces beam axles with individual stub axles, allowing each wheel to react independently to the road surface, while also lessening the chassis' unsprung weight. Delivering **greater stability**, a **smoother ride**, more **precise handling** and **increased ground clearance without increased ride height**, it makes towing easier and safer than ever before.

Precision manufactured using automotive processes to ensure exact fitment, JTECH Suspension is the product of two years' research and development at Jayco's Melbourne headquarters, and countless kilometres of real world testing across the best and worst of Australian second class roads. Its features include:

- **ELECTROCOATED** surfaces for optimum protection against corrosion and stone chips
- **AL-KO STUB AXLES**, bearings and brakes that are suitable for fitment of AL-KO Electronic Stability Control (standard on Caravans)
- Large diameter, heavy-duty **PEDDERS OFF-ROAD SHOCK ABSORBERS AND COIL SPRINGS** designed specifically for Jayco RVs and Australian conditions
- **AEON RUBBER SPRINGS** inside each coil spring, producing a progressing rate when the suspension is compressed; and
- **TOE-IN AND TOE-OUT** adjustment for wheel alignment

**AL-KO ELECTRONIC STABILITY CONTROL\***  
**A.** Critical swerve or sway is detected.  
**B.** Electronic Stability Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

**JAYCO PRESSED STEEL C-SECTION (PSC)**  
PSC floor members are lighter than conventional box section steel, 300% stronger and resist bending by 175%.

**JAYCO ENDURANCE CHASSIS**  
An RV is only as strong as the base on which it's built, so we build our Endurance Chassis to last like no other. Lightweight yet super strong, it's hot dip galvanised for lifelong protection against corrosion, and features PSC member floor support, which better resist bending and compression, while also safeguarding under floor wiring and plumbing.

\* Optional on Pop Top, standard on Caravan

Jayco allow an amount of additional weight (Carrying Load) for each individual unit manufactured above the initial manufactured Tare Weight of the unit. This 'Carrying Load' is for the customers individual weight requirements and can be made up of 'any' additional weight they propose to load the unit up of. ie water, food, clothes etc.

The standard unit carrying loads Jayco apply are;  
Single Axle, non internal shower units 300kg  
Single Axle, internal shower units 375kg  
Tandem Axle, non internal shower units 400kg  
Tandem Axle, internal shower units 475kg

The tare and tow ball weight is only a guide and will change depending on accessories which are fitted to your van. It is advisable to discuss with your Jayco Representative.

## KEY

## CHOOSE JAYCO AND YOU'LL NEVER LOOK BACK

The freedom you experience when purchasing a Jayco extends beyond being able to travel where you want, when you want, for however long you want. There's also freedom from worry.

It comes from realising you've chosen the best value RV brand that money can buy, and that it will hold value better, for longer. It's also the peace of mind of knowing Jayco will always be there for you – through

our comprehensive warranty, complimentary roadside assist service, or the convenience of Australia's largest RV dealer network.

Freedom from doubt, from second-guessing, from 'what if' – it's the feeling only an Australian-made Jayco can provide, and it's why our RVs are the first and only choice for so many.

### NATIONWIDE SUPPORT

**100+** SERVICE AND DEALER LOCATIONS

With more than 100 approved service centres nationwide, the Jayco support network is easily the best and most comprehensive in Australia. No matter where the road takes you, the expertise or spare parts you need are never far away.

### ROADSIDE ASSIST

**3 YEARS**  
24 HOURS  
365 DAYS

Every new Jayco RV comes with one feature that no other RV manufacturer can match— complimentary 24-hour Roadside Assist for three full years. No matter where you travel in Australia, as a Jayco owner, you're only ever a phone call away from the help you need in the event of an on road emergency.

### WARRANTY PROGRAM

**12 MONTHS**

The Jayco 12-month warranty is our promise that the RV you purchase will be 100% free from poor workmanship and material defects. Regarded as the industry benchmark, it lets you relax on your travels, safe in the knowledge that Australia's largest RV dealer and service network has you covered.

### BETTER VALUE

**MORE FEATURES FOR LESS**

Every model Jayco comes equipped with standard features that other brands offer only as options. Buying power is the key—nearly one in two RVs on Australian roads carries our name. We're also the nation's most efficient RV manufacturer. By passing on the benefits of these production advantages, we ensure Jayco remains Australia's best value for money RV.

### HIGHER RESALE VALUE

**A SMARTER INVESTMENT IN THE LONG RUN**

As you travel life's journey your needs may change. Your growing family may outgrow your current RV. Or you may retire and want to upgrade before embarking on the big trip you've always dreamed about. Whatever your reason for selling, you'll find a Jayco holds its value better than any other brand.

# JAYCO OPTIONS

**ADD THAT PERSONAL TOUCH** It's through individual touches that the Jayco you choose becomes your own truly personal, home away from home. That's why we complement our range of feature-packed Caravan and Pop Top floor plans, with a selection of high quality optional extras—all of them designed to integrate seamlessly with your Jayco, operate effortlessly, and look fabulous.

Should you need additional sleeping space from time to time, consider a bed converter. If you like to entertain, an external slideout BBQ could be the go. While a bike rack is a must for those who like to explore destinations on two wheels.

- 01 Optional on Expanda Touring models, the 120W solar system with regulator gives you power to spare.
- 02 Carry two full-sized bicycles with these lockable, easy load bike racks (select floorplans only).
- 03 Monitor water and battery levels with the Drifter LED control panel.
- 04 The Coast control panel lets you check water and battery levels at a glance.
- 05 An external shower (including pop up shower tent) helps keep dirt and sand outside, where it belongs.
- 06 12-volt powered TV aerial to optimise reception quality.
- 07 With a slide out BBQ you can entertain while you cook (select models only).
- 08 This handy foldout table unclips in an instant to provide the extra table space you need.
- 09 CD/Radio stereo system includes both indoor and outdoor speakers.

# TRIMS

**FREEDOM OF CHOICE** The freedom you'll enjoy with your Jayco begins before you even place your order. We offer a wide range of great looking, hard-wearing, easy-to-clean finishes, fabrics and soft furnishings in both contemporary and classic styles, for you to choose and coordinate as you wish.

PROUDLY SUPPORTING THE PURSUIT OF GOOD HEALTH Across four decades, Jayco has passionately supported community health initiatives, charities, sports and sporting teams. Our commitment to contribute to those in need, promote the benefits of an active lifestyle, and assist sports people achieve their potential – be it at elite level or grass roots – remains undiminished. Below are just a few ways we’re helping make a difference today. For more, visit [jayco.com.au](http://jayco.com.au).

**WOMEN'S NATIONAL BASKETBALL** Long time supporters of women's basketball, Jayco is now naming rights sponsor for the Opals, the Emerging Opals, the Under-19 Gems and Under-17 girls' national teams.

**STATE OF THE ART COMPLEX**  
Built in Australia since 1975 - and still going strong. In 2007, Jayco moved into its current 50-acre state of the art complex at 1 Jayco Drive, Dandenong South, Victoria, with a purpose-built 60,000sqm undercover manufacturing complex. This is where all Jayco RVs are made.

Australia's most recognised brand for quality and affordable recreational vehicles, Jayco is a great success story of Australian manufacturing.

Employing over 1,000 Australians, Jayco continues as a locally owned family business.

TO BE THE BEST, you need to work with the best
