

## JAYCATIONER SUMMER 2013

Hello and welcome to the Summer edition of the Jaycationer! 2012 has flown by and as we head into 2013 we hope you have all had a Merry Christmas and that you have a safe and happy new year. As always there are a lot of exciting events for Jayco enthusiasts to look forward to in 2013, including the annual Run Out Sale, the Tour Down Under and the release of the new range of 2013 Jayco's.

We would love to hear what you're up to and what trips you have planned for the New Year. You can share your travel tips and experiences on the Travel Diary page on the Jayco website at [www.jayco.com.au](http://www.jayco.com.au) or follow us on Facebook and Twitter. Enjoy!

### THE FACTORY RUN OUT SALE

From 10th to 20th of January 2013 (10th to 19th for all Queensland Dealers), the Run Out Sale is on again with huge savings across the entire range. For the first time we have factory backed finance deals at a great rate of 5.99% available on Camper Trailers and Expand's and other selected models.

There has never been a better time to buy as the dealers are making way for the new 2013 models that will be arriving at their dealerships shortly.

To find your nearest dealer, call 1300 JAYCORV (1300 529 2678) or go to [www.jayco.com.au](http://www.jayco.com.au) (Please note this sale excludes NZ dealers).

### HAMISH AND ANDY

Hamish and Andy love nothing more than a great adventure. In the latest edition of 'Caravan of Courage' the pair trek 10,000km across Australia and New Zealand, leaving no stone unturned and no challenge un-attempted.

In two 90-minute specials on channel Nine the two comedians travel across both Australia and New Zealand in a Jayco Motorhome completing challenges along the way. The end goal to settle the age old debate, which country is better!

After some fierce debate and evaluation, the end result was a tie!

### PRODUCT NEWS

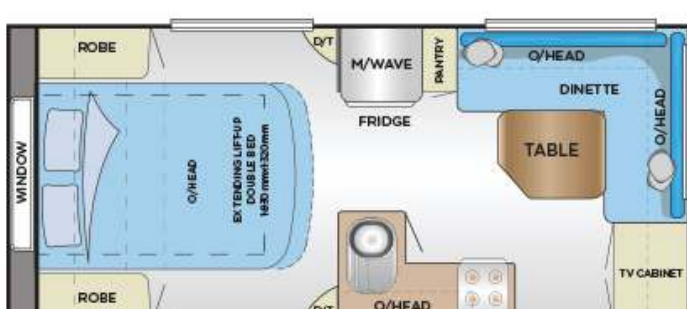

Over the past year, the Jayco Design and Innovation team have been working on new advancements for the 2013 models as well as developing new layouts across the range to suit a wide range of customers.

Starting with the family market, there are a couple of brand new layouts to suit a range of families in the Starcraft, Expand's and Sterling Range.

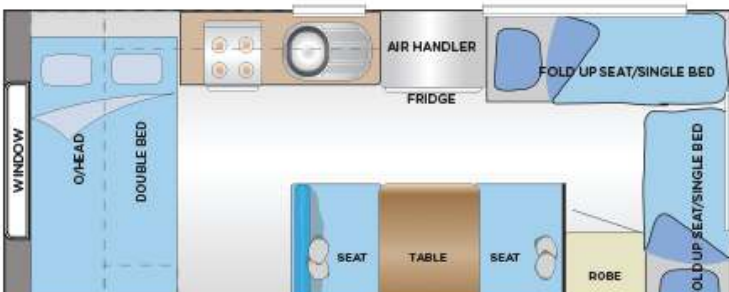

#### Starcraft Pop Top

There are two new sized pop tops in the Starcraft range and three new layouts, the 15.48-4 is a great new layout for couples and the 16.67-1 and 16.67-3 have been designed with families in mind, the later featuring a shower and toilet.

16.67-1

16.67-3

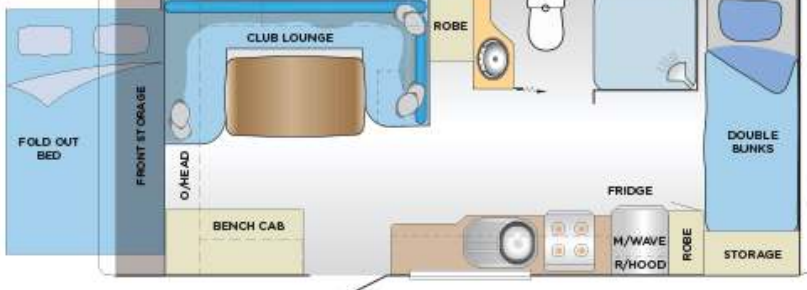

#### Expand's Caravan

An all new layout in the Expand's Range is the 20.36-1 which features a large club lounge, a generous shower and the ability to have double or triple bunks.

This layout can also fit the optional slideout lounge.

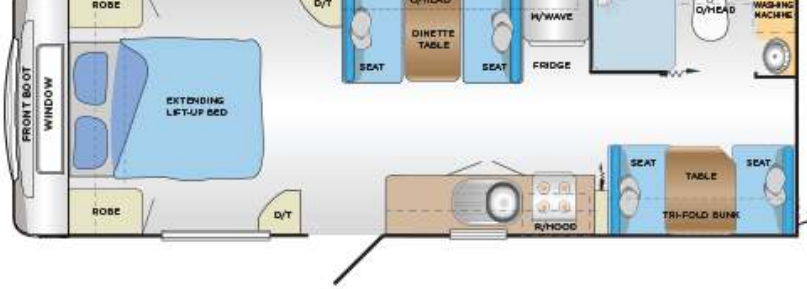

20.63-1

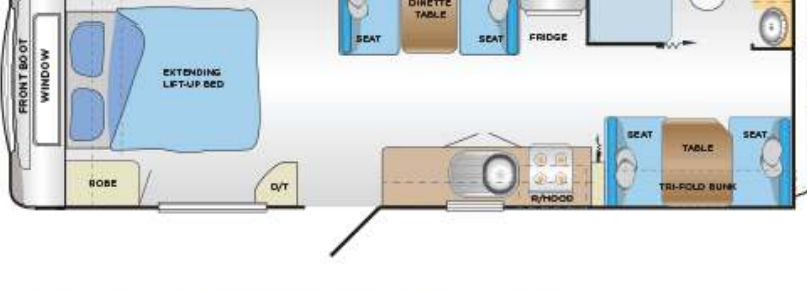

#### Sterling Caravan

For 2013 there are two new layouts designed for families, there is a brand new 21.65-2 bunk model and a larger 23.72-6 bunk model caravan, a great flexible layout with the option of a rear kids lounge area that converts into a bunk bed.

#### Tune out on the road while you tune in to your favourite TV shows

Catch all of your favourite TV shows on your next RV holiday with the Winegard Sensor HV Antenna.

Picking up analogue, standard and HD signals, this innovative antenna will ensure you'll never miss your favourite TV shows while you are travelling around the country, giving a whole new meaning to 'Home and Away.'

The revolutionary Winegard Sensor bi-directional antenna receives both horizontal and vertical signals, picking up a wider range of free-to-air television channels on your RV TV.

Weighing just 3.13kg and operating on 12V DC, the Winegard Sensor HV Antenna fits most roofs ranging from 2.5cm - 12cm in thickness.

Existing Winegard and Antennatek antennas can be retro-fitted using the Winegard Sensor Retrofit Kit, and in the case of Antennatek antennas the old elevating gear can be used.

The Winegard Sensor HV Antenna is available for RRP \$390.00  
The Winegard Sensor HV Antenna Retrofit Kit is available for RRP \$269.00
